

**Bi-communal Development Programme
1998-2005**

The following information provides details of grants allocated under the Bi-communal Development Programme, which was funded by the United States Agency for International Development (USAID) and the United Nations Development Programme (UNDP), and administered by UNDP. The Programme was executed in Cyprus by the United Nations Office for Project Services (UNOPS).

The purpose of the Bi-communal Development Programme was to contribute to peace-building and cooperation throughout the island with projects benefiting both Greek Cypriots and Turkish Cypriots in areas of common concern.

All grants were provided on a non-discriminatory basis through a review process subject to the regulations and rules applicable to UNDP.

This resource is provided for general information purposes only and final figures may vary from the details given here.
